

# The Youth Vote Counts

## Youth Association STRATEG

### PRESENTS

Project "The Youth Vote Counts" will take place in Murzasichle in cooperation with Lithuania, Croatia, Hungary, Slovakia and Poland, major issues, which are supposed to be mentioned are the following: low voter turnout on parliamentary elections in Europe, frequent symptoms of intolerance, cultural diversity. We're going to know the ways of organising electoral campaigns, we will see if preparing the electoral spot is challenging and how it is to be the leader. In the exchange 40 participants will take part, 8 people from each, in the age 18-26. Mainly they are people in hard life situation and according to economical and geographical obstacles they don't have as much possibilities as their peers. We will be working with nonformal education methods to improve soft and hard skills. We want to give a reason to reflect on your own attitude. Our will is to change ignorants into active citizens and Europeans, who have an ability of logical arguing their own opinion and convince others of its right. We assume, that our exchange will have a positive influence on our local reality, society and political environment, thanks to participation of foreign countries will get an international scope. Youthpass certificates are going to be the evidence of skills and great complement of CV. In a case of long-lasting benefits we have to mention of the influence on our participants, their surrounding, rivetting international friendships, continuation. To improve the visibility of the project we're going to conduct some publicising actions like fanpage on facebook or website.

# Accommodation U TOŚKI

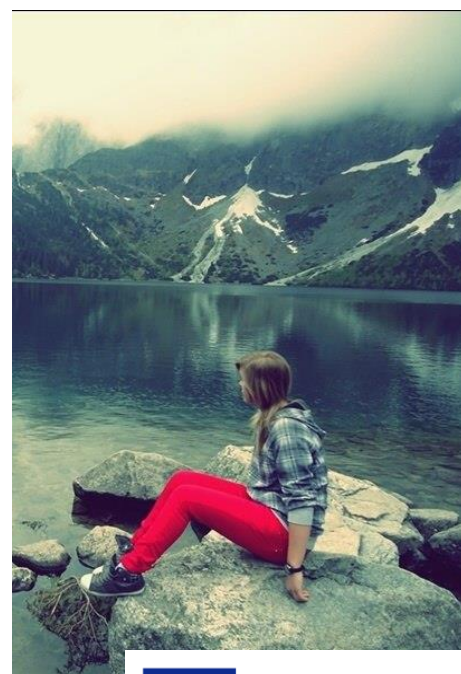

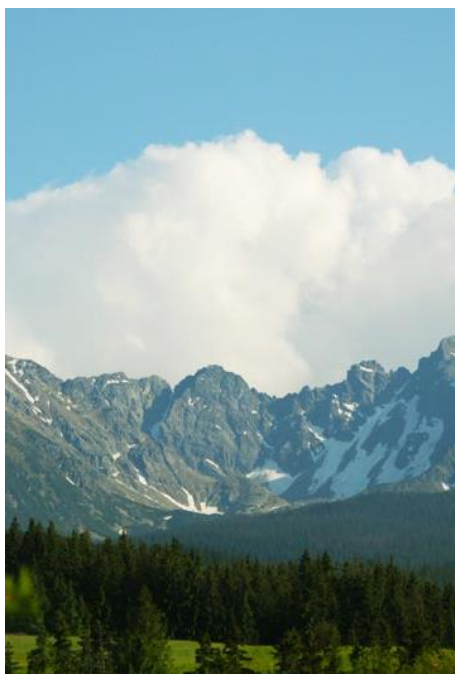

## Murzasichle

POLAND

Murzasichle is a lovely village in Southern Poland. It lies approximately 7 km from Zakopane and 84 from Kraków.

Zakopane is 'Poland's Winter Capital' – called by fans of the winter stuff. Also is the heart of Tatra Mountains.

# TRAVEL
